Julian Edelman, Wide Receiver

(On the reaction to the win)

"It's a good team win. Any time you get a divisional win, it's big. We'll have to see them again. We've got a short week ahead of us, so we've got to turn the page and get ready for Houston."

(On the injury to Jimmy Garoppolo)

"It's unfortunate, but Jacoby [Brissett] came in and he handled it pretty well. It's great to see that when we had to score and we had to get some points and we had to move the ball, we were able to do that. We could have done a little better on third down and we have to take care of the football. But thankfully our defense got some turnovers for us."

(On preparing to come into the game as the fourth-string quarterback)

"Nah. I was just focused on catching the ball and getting my eyes dialed in."
