MIKE NUGENT

Kicker

On his performance tonight:

'It was good I got a lot of opportunities tonight. It's nice it happened to fall on a night where it's decently warm and there's not much wind, which makes it a little bit better.'

When you're kicking 20-yard field goals, what goes through your mind?

"You know, for me it's just because it's 21 and not 41, don't change anything, because those can be the kicks where if you change anything, you take it for granted and that it's automatic, and those could be the ones you mess up. So I never have to worry about the blocking or the snap or the hold. I'm extremely spoiled that those guys protect me, so going into every kick I just have to make sure I do my job, because everything else is going to be great."
