

## Cowboys Defense

J.J Wilcox

**(Regarding the referees)..... Was it referee preseason too? It seemed like they were calling stuff I've never seen before..**

They tried to tighten up. They said it in meeting (can't make out) they were going to tighten it up on certain calls. We were just playing ball like we're doing fresh off a new season and trying to be ticky tacky for now. We'll see how it goes.

**What was it like to get this game in, coming back into town, the whole nine yards. I mean you haven't even probably got to your house yet?**

It was good. It's tough you know, but you have adversity in the NFL so it was good, it was good. We got a good night's rest last night and will go home and refresh and hit it again Sunday. It was good with the switch up.
