POSTGAME QUOTES

Tennessee Titans OLB Derrick Morgan (transcribed by Jason D. Silver)

(You had the first (sack), didn't you? And then the two early. I know you have been close. How good does it feel for you guys to get six today and to kind of smother them on defense?) – "I think it was a whole team effort. We had great coverage. The quarterback was holding the ball. When he holds the ball like that, that allows us to get after the quarterback and get back there and be effective. So, it goes hand and hand – pass rush and coverage. Shout out to those guys back there in the back end."

(You don't get that opportunity that much. Quarterbacks are getting rid of the ball so quickly in this league. Did you know this would be a day when you'd have a chance to get back there?) – "We believe every game we have a chance to get back there. But when you have guys covering like they were today and giving us time to get back there, we're going to be able to be effective."

(You guys are probably feeling good now, but you have to figure out a way to string some together, I guess.) – "It's one game. We have to win back to back. We haven't done that in a while here. We're 2-3. We're below .500. We have a lot of work to do, but this is a step in the right direction. We just have to keep building off of this game and keep growing as a team."

(Is a team going to lose very often when all three of its top pass rushers get two sacks apiece?) - "I hope not. Like I said, it was a whole defensive effort. The back end was just giving us time. When you have time like that with the players that we have on defense, we're going to get home."
