POSTGAME QUOTES

Tennessee Titans TE Delanie Walker (transcribed by Jason D. Silver)

(Talk about your strong performance today) – “I would just say we basically came out there and just played Titans football. It took every guy out there for us to get this win. (We had) some great throws. When you get great throws, it makes it easier for me for me to catch.”

(Was there anything in particular you prepared for or was it just going out there and executing?) – “We always prepare to look at teams’ defenses and see what their strong points and their weak points are so we can go into the game having a game plan; but we basically do what we do all the time. We ran the ball very well and that opened up the pass game.”

(What do the Titans have to do to prepare for next week?) – “We are going to have to run the ball. For now, we are going to have to watch film. Once we watch film and get the game plan, then I’ll be more sure of what we’re going to do; but I think the main focus is running the ball.”
