POSTGAME QUOTES

San Francisco 49ers TE Vance McDonald (transcribed by Jason D. Silver)

(Up and down game today. Got close in the fourth quarter. Do you want to talk about the back and forth emotions that went into it?) – “This is the third week now where we were getting closer and closer to getting out of the hump, but that’s ... All you can ask for as an offense is a chance to win the game at the end. Again, it’s just frustrating the three weeks in a row where we’ve been right there, really close. Overall – just like you were saying – the back and forth – it’s just (about) consistency. Hopefully we can get that resolved.”

(At 31-14 in the fourth quarter, what gave you guys belief you were still in the game?) – “With that question, I wouldn’t say going back into other games that we didn’t believe in ourselves. The question I just answered ... With the last few weeks, we’ve just been right there – that one especially. It really is – throughout the game – is (about) trying to get more consistent play as an offense (and it) is something that we can control, move the ball down the field.”

(What was your role at the end, that last play, that last play of the game. Where were you?) – “I was running the shallow route, and I thought that they were ending up bringing blitz with the look that we had, but there was just a lot of traffic underneath. (It) really is just one of those go all out (plays), but I was just kind of running through there underneath linebackers – and the safety was down – but came up short.”
