Bills vs. Dolphins
Sunday, December 24, 2016 – 1:00 p.m.

BUFFALO BILLS RB LESEAN MCCOY

Q: What was your reaction when coaches decided to punt it fourth-and-three yards to go?

A: That's not my call, that's what the coaches decided to do so as a player we just roll with it.

Q: Would you have rather kept the offense going in that situation?

A: Like I said, that's just something that I can't control, so I have nothing really to say about it.

Q: What was the reaction on the sidelines when you guys missed two field goals?

A: It's disappointing. You play hard the whole game. Fought, fought, fought and came up short, you know it came down to a field goal. First go round with the field goal, I thought we called the timeout, but it is what it is. That right there didn't make a difference on the game.

Q: What made it?

A: Just that we didn't execute. We had a slow, slow start which we usually can come and put points up with the ball. Everything we wanted to do, we kind of did in the second half and kind of really got it going, but I think we could have put the defense in a better situation than we had, so you never know many the outcome would have been a little different.

Q: What was it that got you guys rolling in the second half?

A: We started making plays. Run the ball, run the ball, take shots the way that we're built. That's how we're built. We run the ball. With the looks we get as far as one high safety man coverage, anytime you get a guy one-on-one with (Charles) Clay or Sammy (Watkins), you know the ending. Just that's the way we are built. We run the ball and take some shots.

Q: With complementary football, passing game, this is the best game you guys have had all season.

A: You're right we kind of did what we wanted to do, moving the ball. At the end we kind of did a little trickery to it with the flee flicker, but we were running, throwing, running, throwing. Every once in a while they would make a stop.

Q: What's it like when both teams have offensives with playmakers?

A: Yeah it's just a slugfest. You see box matches with both sides throwing hate makers back and forth, I thought that we had them. I really did.

Q: LeSean that was a Bills record for net yards, you set personal records, what's that like?

A: I mean, all the numbers you just named, that's great don't get me wrong, I don't want to take anything from that, but I mean we lost. So that's the only stat that really matters.

Q: How much does this feel like a wasted opportunity?

A: Yeah, like I said it's a waste. We didn't win the game, so it's a waste. All the numbers and highlights, but we lost the game so there's no satisfaction about that at all.

Q: How do you see the year you've had, the team as a whole and how it affects the franchise?

A: Well, we're just trying to finish the season out, we have one more game to go. I'm not a quitter, I know my team and we aren't quitters at all so we'll be looking to win that game and look forward to next year.

Q: What do you think this game will do for your coach's job security?

A: I don't know that answer. I don't. You don't. So we'll just wait and see.
