**POSTGAME QUOTES**

Tennessee Titans T Taylor Lewan (transcribed by Jason D. Silver)

**(How are you feeling?)** – “I feel fine, It’s one of those deals the first series got rolled up on and they checked it out. It was pretty loose but structurally everything seemed okay so I thought ‘go out, try to give it a go.’ Just really didn’t have much power in it so I think this is a very minor, very small thing but I knew, at that point in the game, I was kind of doing more harm than good – just the lack of power in my leg. I think, I don’t think this should be in an issue in the future. I think this should get taken care of and I should fine for next week.”

**(What do you think about the game overall today?)** – “I think that’s a pretty self-explanatory question. Got to convert on third down. Got to move the line of scrimmage. Got to keep our defense out of having so many possessions. Just got to continue to work and move forward and I think next week we got a huge opportunity - division game on Monday Night Football. Should be a great opportunity for us.”

**(Were you on the field for the play when he [S Reshad Jones] picked the fumble up and ran it back?)** – “Yes I was. We all, as an offensive line, I mean it’s pretty consensual. We all heard a whistle. We all stopped, I actually ended up getting hit late on that. Even if it wasn’t a whistle I was still behind the ball. That ball should have come back regardless.”
