POSTGAME QUOTES

Ravens G/C Ryan Jensen (transcribed by the Baltimore Ravens)

(on the hit Joe Flacco took) "I felt it was a dirty hit and Joe's our franchise guy. We've got to go out and protect him. Joe getting 'cheap-shotted' like that, I felt I had to do something to protect him and show him that I've got his back."

(on the overall chippiness) "Yeah, it got chippy out there, but that's okay. That's the kind of offensive line we want to be. We want to get those guys frustrated, but from that point on when Joe got hit it got chippier and chippier."

(on a step forward for the offense) "Definitely a step forward. We ran the ball for over 170 yards and it feels good to be able to run the ball like that."

(on getting back to .500) "It's huge. It's a .500 league right now. We've just got to put a couple wins together, get some people healthy and get on a roll."

(on Alex Collins) "He's a vicious runner. That's how I describe him. He's elusive, but he'll hit it down hill and run some guys over and break tackles."

(on if Kiko Alonso have been ejected) "It is what it is. I don't know. It's up to the officials. I saw what I saw and it was up to the officials to make that decision."
