**MIAMI DOLPHINS VS. BALTIMORE RAVENS**  
**M&T BANK STADIUM**  
**Oct. 26, 2017 | 8:25 P.M.**

**POSTGAME QUOTES**

**Ravens DT Brandon Williams (transcribed by the Baltimore Ravens)**

(on the importance of this game) “It was very important. We had a job to do today – and that was stopping the run. I am totally proud of my defense. My guys were just stepping up after being called to the mission, stopping the run and executing perfectly. Everybody did a great job; we were flying to the ball, and we were all excited. It felt like the first two games, and we were going to continue that [type of play], but we can’t be satisfied with this one. We have to keep going.”

(on if it’s fair to say that the defense was aggravated) “Definitely. We have a standard to keep in Baltimore. We need to get back to what Baltimore does: that is hard-nosed defense and that’s stopping the run. Today proves it. It just feels amazing. Obviously, people on Twitter, they’re a bunch of keyboard ‘whatevers.’ What are you going to say now? We are who we are. Thank you to the fans who have always been there. I am just proud of everybody: offense, defense and special teams came together, giving everything, and playing Raven football.”

(on how motivated the defense was) “We are definitely self-motivated. The stuff outside is just outside noise. We know who we are, we know who the real fans are. The ones who tweet out every week – win, lose, or draw, Ravens all day – we appreciate those fans. To the ones that tweet the negative comments: what are you going to say now? We are going to keep on going with what we have to do. Last night, I was up until about midnight and I had to say something; it was time. I said, ‘A storm is coming.’ That is all I said, and I’m happy about that.”

(on what made him feel that a “storm was coming”) “I just knew. I know what the Baltimore Ravens have and who we are. What you just saw is exactly who we are. [We are] a hard-nosed team, a defense that runs to the ball and stops the run, gets a bunch of tackles in the backfield. That is who we are and that is what we displayed tonight.”
